• healthy mouth • healthy body • healthy life

We Need Your Help

We are grateful for our supportive patients during these challenging and difficult times. We have taken extraordinary measures to protect everyone who walks through our doors, but we cannot do it alone. We need your help to keep our office safe for us all.

- **If you are experiencing a fever above 100.4°F, cough, shortness of breath, or any other abnormal symptoms, we ask that you reschedule your appointment.**
- **If you have traveled within the last two weeks, we ask that you reschedule your appointment.**
- **Please inform us if you have been tested for COVID-19**
- **When you arrive at our office, remain in your car. Call us at (408) 354-5600 and we will inform you when we are ready to receive you.**
- **We request that you wear a mask or face covering when entering our office.**
- **Sanitize your hands as you enter our office.**
- **Do not touch your eyes, nose, or mouth unless you have sanitized your hands.**
- **We request that you do not bring family members with you to your appointment, but if you must, we ask that they remain in the car.**
- **The Reception area will be limited to only the number of patients who can adequately be kept 6 feet apart.**

As always, we will continue to take the very best care of you and your dental needs. We thank you for your help and patience throughout this new process as we all work to keep our community safe.

Yours in better health,
Dr. Nehawandian and Top Down Dental Team
